Organization stands resolute in its commitment to make pioneer to individual who is seeking vulnerable prone.. Moving forward, all our endeavors will be meticulously tailored to address need-based issues within our community. By aligning our efforts towards addressing the needs of the marginalized, however, we strive to create a meaningful impact on their lives.

We, emphasizing empowerment of participation, and we keenly believe in establishing governance in local government system around the people we serve. Our commitment is to foster an environment where individuals are not only become a recipient image but they are transforming as an active contributors to their own development. By instilling a sense of responsibility and accountability, we aiming to create an environment where they can play a positive transformation role for themselves. Many of women entrepreneurs in this direction has proved it through livelihood initiatives.

We within the core of heart develop strategy to infuse power and sense to conserve local resources. We understand the intrinsic value of harnessing the strengths and capabilities within our community. This principle will continue to guide to attain work towards sustainable development, ensure prosperity.

In every facet of our work, the twin pillars of social and economic upliftment stand as non-negotiable essentials intrinsic. It is not merely a goal but an ethos that defines who we are. By uplifting the social fabric and enhancing economic opportunities, we strive to create a more equitable and prosperous society, where the dividends of progress are shared by all.

As we compile our annual report, let it be a testament to the values that drive us forward and the impact we collectively aspire to make. Together, let us continue to be architects of positive change, empowering those in need and building a future that stands on the pillars of empathy, responsibility, and sustainability.

Annual achievement we confer is may not be possible without our community support. We thank all the stakeholders for their support and cooperation in attaining of year's activities. We team well wishers who associated directly and indirectly are very important for SV and without whose contribution and support year's achievements could never been possible to visualize and manifested in reality.

Board of Directors and Advisory of Sahbhagi Vikas always has contributed their support at every level of endower. They have shared their inputs in all respect to the organization.

We are grateful to the support agency and feel proud to express that partnership flourished in mutual respect of values and concern look further to have more association in addressing of future challenges in upcoming years.

LIVELIHOOD ACTIVITIES

Organization is seeking always to promote livelihood activities and opportunity to poor section of community. Viewing to harnessing opportunity, SV is pondering proactively to aware and make community competent to opt the opportunity by that community could be self reliant. For this, it has joined hands with agency for livelihood support. Towards livelihood promotion following activities have been conducted -

SAFE MOBILITY AND COUNTER TRAFFICKING :

In modern day illegal transport of individual by force is an emerging crime occurring for the purpose of labor, sexual exploitation in which others gets benefits, financially. Human trafficking is a global problem affecting people of all ages. Organization towards human trafficking has carried out following activities in the year are :

1. **Women's collective meeting :** in order to promote safe mobility and counter trafficking organization in community are creating awareness on human trafficking. For this, women SHGs have been streamlined their SHG meetings in that 284 women were participated and imparted the trafficking mechanism. With this , safe mobility and livelihood is being ensured throughout the year. SHGs discuss the matters in their meetings in regular basis.

2. **Adolescent Girls Meetings:** Adolescent girls usually are always on the point of target for trafficking radar due to their immature age. In this stage they can be easily trapped by attractive seduction offer by any individual. Hence, they need to be aware about trafficking knowledge. This year 81 meetings have conducted in that 144 potential girls were attended the meetings in that they aware on the unforeseen incidents and precaution them for safe mobility as they migrate other cities in the search of livelihood and jobs. So, they advised to follow the safe mobility aspects in their mind. Besides, trafficking and safe mobility also provided knowledge on cleanliness, health & hygiene and child marriage inputs.

3. **Migrant's forum monthly meeting:** Safe mobility is a cautioned step that needs an harmonious environment in that everyone would work to contribute for secure mobility. To make it happen, organization has organized 25 meetings in safe mobility precaution, registration of labor knowledge been provided through the migrant's forum. This knowledge is taken care by the individual now helped them in safe mobility and encounter the trafficking threats.

4. **Information Centre :** mobility and migration seems a risky task in present time where trafficking possibility is increasing day by day. Hence, to make the mobility secure an Information Centre is a place rendering services for safe mobility. The IC plays it role in making of labor card for individual and by that she/he can be traced if any unforeseen incidents took place. Information Centre gives information about individual. Centre provides details about Govt schemes. Total 59 individual consulted to the Information Centre in the year. Establishing of information centre community is expressing their trust and hope for safe mobity and would encounter the trafficking nexus.

5. **Training to migrant forum:** in the year 42 session training session organized by the organization in that 50 male and 219 women participated it. Often observed that during in mobility due to lack of proper information individual trapped in the hands of traffickers.

Hence, the migrant forum intentionally provided knowledge on safe mobility aspect. Participants attended training session were provided information about necessary facilities, clues regarding how they can save themselves from nexus of traffickers. Social fencing mechanism was insisted through community awareness and required legal support assistance.

- 6. Training /workshop with migrant forum at panchayat level:** Panchayat is the important pillar in grounding the policy and scheme. Hence, it has the role to transform it I reality. With this view traing and workshiop organized with the migrant forum at Panhayat levlel in that 126 participants were provided training on maintaining precaution on safe mobility and encounter trafficking in relation to sub sequential step to overcome the risky mobility, legal assistance according to the situation and community awareness for safe mobility.
